REGULATORY UPDATE

SILICA WEBPAGE UPDATED

Information on silica hazards and related OSHA standards are now in one location on OSHA's website. The updated [silica page](#) contains links to guidance on complying with OSHA's silica standards in both [construction](#) and [general industry and maritime](#), as well as information on silica sampling and analysis, health effects of silica exposure, and answers to frequently asked questions.

Have you moved or changed jobs? Has your email address changed? Take a moment to ensure that your contact information is correct on the ASSE website so that the Chapter can send you information on upcoming events and opportunities!
